

BLUE RIDGE DISPATCHER

Vol. 19

August 2011

No. 8

August 2011 BRC program will be *Winter on The Wasatch 2010* so y'all bring an overcoat!!

Between the three monumental snow storms in Virginia in February 2010, Bob Kaplan and I managed to fly out of Dulles to Salt Lake City for a ten day swing through Utah and Nevada. The August program show will focus on Soldier Summit, an afternoon photographing Salt Lake City's restored street railway, Union Pacific's main line thru Echo Canyon and some short lines we encountered along the way. Pictured here is an eastbound UP stack train snaking its way up Echo Canyon on Day 8 of our trip. All too soon, the adventure ended as our flight back home was not cancelled. When we got back to my beloved Commonwealth, there was more snow on the ground here than there was at Soldier Summit. Go figure!! See you at the August meeting. Dale Diacont

**Blue Ridge Chapter, National Railway Historical Society
Minutes of Meeting - July 13, 2011**

President Rick Johnson called the meeting to order at Charley's Restaurant shortly after 7:30 p.m. There were 22 members and 2 guests present. Rick welcomed Reg Akers as an official member, and Gary Quale, returning after knee surgery. The minutes of the June meeting were approved as distributed. Secretary Tom Ledford was on vacation. Lloyd Lipscomb was asked to take the minutes. John Tanner gave the treasurer's report.

Under new business Norris Deyerle, BRC Chairman for the Virginia Rail Heritage Partners, reported that Rick Tabb of the C&O Historical Society invited the Chapter to a tour of the C&O Heritage Center in Clifton Forge on July 24. The 614 locomotive will be on display. Members and friends were invited to sign up and form car pools. Norris also announced that the Chapter picnic will be held on Sept. 18 and the Christmas banquet on Dec. 3, both in Altavista.

Skip Hansberry moved that the Chapter donate \$100 to the Virginia Museum of Transportation for the re-painting of the 1976 bi-centennial locomotive. (Skip said that he planned to give \$100 for that purpose and hoped the Chapter would match his gift.) The motion was seconded and passed.

Barry Moorefield discussed plans for Rail Day on Saturday, August 13. Members and friends were asked to sign up for work with the white elephant table, concessions, and setting up on the day before. Ed Fielding will present a show on the Virginia Blue Ridge Railway between 12 and 1 o'clock on Rail Day.

In conclusion Rick Johnson thanked Editor Garland Harper for the July issue of the "Blue Ridge Dispatcher." Many members found it particularly interesting. At the fun meeting on July 27, David Helmer of the Roanoke Chapter will show pictures of Viet Nam railways. Dale Diacont will present the program at the regular meeting on August 12.

Charlie Long won the 50-50 drawing. Four other members won caps with rail themes, donated by Gary Quale.

Fred Mayer presented a video he compiled on "Railroads in Montana." Railroads featured were the Montana Rail Link, the Milwaukee Road, and the Burlington Northern (now BNSF).

Lloyd Lipscomb, Acting Secretary

Lynchburg Rail Day 2011 {Saturday} August 13, 2011

Lynchburg Rail Day 2012 {Saturday} August 11, 2012

SIGHTINGS

Aug. 2 and 3 – Virginia Railway Express engine X66 spotted in Kinney Yard and the next day in tow en route to Manassas on NS train P98.
(Charlie Long, G. Harper)

Aug. 3 – Two BNSF units, 7461 and 7211, spotted eastbound on rerouted CSX container train Q130 passing through Sandy Hook Yard in downtown Lynchburg.
(Galen Wright)

Aug. 5 – Same pair of BNSF units seen on westbound container train Q13504 at Reusens Dam. It is quite rare to see foreign power on CSX in Lynchburg.
(G. Harper)

Signal Scenes – Rick Johnson–II offers these scenes of signals which can no longer be duplicated. The four signals along the former C&O in the Clifton Forge area have been replaced since these were taken.

Eastbound cantilever at Jackson River. 12/5/10

Westbound cantilever with replacement at Chestnut St. 3/12/11

Eastbound coal train lights up the signal bridge at Callegan. Signal caught changing. 12/5/10

And as an extra bonus, Rick offers us this image of the N&W color position signal at Bowler with thunderstorm in progress. Signal still stands, but not for long as the switch here will be replaced with a hand-throw switch meaning the signal will no longer be necessary. This style of signal is very much an endangered species all over former N&W territory! 6/16/11

Westbound cantilever with replacement at Chestnut St. 3/12/11
